

## **Daycare Providers for French Immersion Students in Niagara Falls Niagara Student Transportation Info (NSTS)**

French Immersion school boundaries stretch further than regular curriculum school boundaries as French Immersion is not offered at other schools in Niagara Falls. Therefore, we have more daycares serviced by NSTS with bussing for French Immersion. In the event a child moves to a non-French Immersion school they may not receive bussing to the daycare that they currently use during their career at Prince Philip. This again will be based on the school boundary and the distance policies for the non- French Immersion School.
